FLYING CLUB NEWS

TERMINAL BUILDING

AGM

This was held at Gally's meeting House Farrell Flat. Thanks to Garry and Sally Fieldhouse who provided attendees a meal and after the meeting coffee cakes and biscuits. All office bearers were returned and the committee has remained the same. Peter Eaton has taken on the role of Public Officer. Thanks to all those who attended

MEMBERSHIP

Invoices have been emailed to all members for the 2012 membership. If you have not received an email please contact Tony Smith. Payment is now due.

ENTRANCE

Thanks to Martin Smith of Mt Rufus Pty Ltd, who supplied and drove in the strainer posts for the main entrance. Later in July a group of Smiths (is this a gaggle) got together to put up the presto panel. There were a lot of chiefs but no Indians to be seen.

A huge thank you to Earle's Transport who freighted the panels from Adelaide at no charge.

Our major sponsor's signs have been fixed to the railing as a sign of our gratitude for their support. Thank you to Brian Earle for his help with the signs.

SIGNAGE

Paul and Tony Smith have erected the "Welcome to Clare" sign on the container for all to see.

Further construction has been undertaken on the terminal building site. Excavation of footings carried out by Andrew Heinrich and Dave Willson using Carl Jenner's excavator, thank you Carl for your support. This was followed by the plastic and steele fixing under the expert supervision of Anders and Ian McKendrick. (The apple doesn't fall far from the tree Spanner). This huge job was completed in just a couple of days thanks to the many members who helped.

Monday the 23rd July was the big concrete pour a total of 8 loads of concrete were used donated by Clare Quarry and Holcim. Once again a great attendance of members helped with this Thanks also to Pat and Carlo Seneca of Custom Concrete for their expertise in concrete finishing.

Adrian Smith of Ashmore Engineering has been busy preparing the verandah poles as well as the Centre post for the building. Adrian and Margaret have also donated a chamberlain tractor for use at the aerodrome.

RAFFLE

Since the last newsletter Frank Nicholls has organized 3 raffles for which tickets were sold in the main street of Clare on 3 Saturday mornings, with the prize a trailer load of wood. This has raised over \$1000 well done "bad" Frank and his band of helpers.

The worst day flying still beats the best day working
