(years of trouble free spraying ahead for us hopefully!!)

PROPELLOR DONATION

At our Christmas BBQ we were presented with a propeller from Paul Naughtons Aircraft.

Paul was one of our founding Committee members and sadly passed away in August 2016. The propeller was presented to the Flying Group in memory of Paul by Nick Bell a former 747 1st Officer for Qantas and great friend of Paul's.

Nick spoke to us on the night and gave us a very in depth and interesting insight into all that goes into preparing for along haul flight and doing the flight in a Qantas 747. It now is securely fixed to the centre pole in the Terminal Building for all to see.
