

WATERLOO WIND FARM COMMUNITY GRANT 2018

The CVFG Inc has been successful in obtaining a Grant for a **Defibrillator** and associated training for the Aerodrome. The Training Session was held on Tuesday the 29th May at the Aerodrome with 22 Members attending and instruction was given by Hannah Willson and Fiona Hill who delivered a very informative training session for all who attended . We thank the **Waterloo Wind Farm** and **Hannah Willson** for their continued support of our facility this is the second Grant we have received from them the previous was for our Solar System. Thanks also to Gary Sims for the installation of the Defibrillator on the northern wall outside the kitchen and replacing the lock with an easy to open handle.

GRANTS SA –SOLAR PANELS

Any Our recent application to Grants SA for another 7 -Solar Panels has been unsuccessful .However we will keep trying and resubmit at the next round of applications which will be opening soon.

WELCOME TO CLARE

The signage that was on the container has now been repainted red and placed at the entrance to the Aerodrome. Thanks to Ashley Dickson for making his Hangar available for the modifications and painting of the signage and thanks also to Paul Smith and Peter Eaton for their assistance with the installation

SOWING GRASS & CLOVER

Thankyou to Michael Chigwidden for sowing the area north of the Hangars up to County Helicopters with his disc air seeder. This will now provide a 2.9 ha grassed area for aircraft to park. This will be great for large Fly Ins such as for the Antique Aircraft Association who visited us last October.

YOU CANNOT PROPEL YOURSELF FORWARD BY PATTING YOURSELF ON THE BACK
