

(Gary Sims doing final drone inspection of CVFG Inc Runway -201?)

THE CLARE VALLEY AERODROME RUNWAY SEALING & LIGHTING PROJECT

We were officially notified today by the Australian Government- Department of Industry Innovation and Science Building Better Regions Fund- Infrastructure Projects that **The CVFG Inc has been successful with our Grant Application for our Project and their contribution will be \$469,191**

This is yet another milestone for us a great effort by all involved in the application process.

Thanks to the following for their continued and ongoing support of our Aerodrome facility.

Geoff Brock MP –Independent member for Frome for securing State Government Funding of \$395,628 and assisting with the application process

The Clare and Gilbert Valleys Council for their support with a \$100,000 Grant for the Project

Clare Quarry for their in-kind support for the Project of over \$50,000 in materials and labour

Kelly-Anne Saffin & Lynn Wallace-Regional development Australia York & Mid North for their assistance in writing the application a huge effort.

Gary Sims as the Project Manager ,who developed the Project Management Plan (he is about to get very very busy)

The Project involves preparation of sub base & associated drainage, sealing of Runway surface with a 2 coat spray seal. The Runway will then be line marked with centre line, piano keys each end and runway designation numbers.

The final stage of the Project will be the installation of Runway ,Taxiway and Wind Sock lighting.

This will bring great economic benefits to the Clare Valley and surrounding regions by providing an all weather 24 -hour Runway for all users of the Aerodrome.

AGM- MONDAY SEPTEMBER 3RD @7-00PM

We encourage all Members to attend ,especially to hear about the Runway Upgrade and answer any questions you might have.

There will be the Chairman's Report and Financial Report for year ending 30th June 2018.

As well as election of all office bearers for CVFG Inc Committee for 2018/2019.

ROOF FOR GENERATOR

Thanks to Peter Eaton-(Moth Constructions) for erecting framework and for cladding the roof for the generator and fixing the security gates well done Peter.
